About SMWS

SMWS is a small-size and independent company created by Karl Patrick Göritz.

Karl Patrick is a native German, living in France and who has been working in the pharmaceutical industry for almost 20 years.

His areas of expertise cover scientific and medical writing, marketing support activities, quality assurance and clinical project management.

The Philosophy of SMWS

Communicating scientific and clinical results through efficient writing and identifying the detail which can make the difference are key elements in the process of drug development and of medical communication.

Therefore, scientific and clinical documentation as well as medical communications are far too important to be left to chance.

The Philosophy of SMWS
